It was not until the number of signatures obtained in this way. The list of names was surrounded by a kind of mystery, and the signing went on almost continuously. It was claimed at night that 1,384 names had been collected in the last twenty-four hours. A position was reached, however, when it was found that the list contained 4,700 names. It has not been decided yet when the list of names will be made public. An effort is being made to secure a special issue of the paper to the list of names which is being made public at 11 o'clock to-night.

A number of prominent persons who signed the petition in favor of the proposed amendment are generally not disposed to admit any change of their views in consequence of the discovery of bombs in Ling's cell. None of the prisoners were allowed out of their cells to see members of their families. Ling's girl, visited the jail yesterday as usual. She was accompanied by a stranger, who took Ling to the jail and returned. She was refused admission. She told her escort to say to the jailer that the story about Ling was all a lie and that she didn't believe a word of it.

Rev. H. W. Dutton, pastor of the First Baptist Church, visited the jail yesterday to administer spiritual consolation. He was politely received by all the men, but met with little encouragement. The jailer, who is a member of the church, said that the men were not interested in the matter. The jailer, who is a member of the church, said that the men were not interested in the matter.

There is much interest centered on the election, especially in New York and Ohio, and it is expected sufficient returns will be received by midnight to indicate the general result in those two states. All will be welcome to call and hear the returns read.

—Mr. T. L. Stodder, the popular basso singer, will attend the social party of the Ladies' society of Christ church on Wednesday evening at Apollo hall, and sing several favorite songs.

—The regular meeting of the Business Men's Association had been held last evening and the meeting had adjourned, a general discussion arose in an impromptu manner concerning the propriety of having a banquet in the near future. A short interchange of views among the twenty-five or thirty members present developed a good deal of enthusiasm for the project—in fact there was unanimity which was gratifying as it was unexpected. The result of the discussion was that Piny Norcross, S. B. Smith and J. P. Baker were appointed a committee to consider the details of a spread which would be creditable both to the city and to the association and make a report to the next meeting. There existed a general feeling that the success of the Business Men's Association had been of such a character as to entitle it to make something of a demonstration without subjecting it to the charge of assumption. When the average citizen reflects upon the present condition of the city three years ago—and notes that with the establishment of this organization came an activity in many departments of enterprise and improvement—he can realize some of the benefits which have accrued as a result of its existence. By all means let us have a banquet and let it be made by the Business Men's Association and let it be the social event of the season.

—The fire has been burning for several hours again. On Friday and Saturday evenings small sheds in the south part of the city were burned, and on Sunday morning about 3 o'clock the fire broke out in the barn belonging to Mrs. W. E. Skinner, and occupied by Mr. W. E. Skinner, and was discovered by Dr. B. The flames had under way before the fire company could arrive at the scene, that nothing could be done towards saving the building or contents. The horse had been turned out but a carriage, harness, and all the feed were lost.

—Mr. C. P. Pierce is seriously ill, and doubtless entertained of his recovery.

—Dr. Thos. B. McCarthy, of Sioux Falls, Dakota, spent Sunday in Brodhead with Mr. Thos. McCarthy.

—That Erskine is not looking in home talent was shown by the sons of Temperance entertainment last Friday evening. The house was well filled, and the two plays were greeted with loud applause. The receipts were very satisfactory.

—Work has been begun on the new building for the electric light dynamo and engine. The structure is to be a three-story and basement building, and on the west side of Exchange square, opposite the Marshall house.

—Twelve cents a week pay for the Daily Gazette—READERS YOUR FAVOR.

—There will be a special meeting of the Janesville Guards at 3:30 o'clock this evening, to reconsider the action of the last meeting.

—John G. REXFORD, President.

—Eleven surplus choir took part in the choir festival at Milwaukee. They came from St. Paul's church, Watertown; Trinity church, Janesville; St. Paul's church, Beloit; Christ church, Delavan; St. Matthew's, Waubesa; St. Luke's, Racine; St. Edmund's, Christ church and All Saints Cathedral, Milwaukee; St. John's Military academy, Delafield, and Nashville seminary. Both Bishop Welles and Dr. Royce strongly recommended the boys' choir in Episcopal church service, as tending to add to the impressiveness of the service, and exercising a good influence on the boys. They took the choir.

—Winnona Republican: "Thirty-two years ago this fall," remarked Dr. S. B. Sheardson of Stockton, "we had just seen, beautiful weather as this up to the 8th of December. I remember it distinctly, for on the 5th of December I started with eight teams going from Winona to Dodge county, and I recollect driving through Stockton in my shirt sleeves. On the 8th a snow storm set in; from that on we had an extremely cold winter."
